

## Half-Heartedly

C  
When I try to cut out a heart,  
C        F        C  
The two halves fall apart.  
C                            F        G  
If I hold up the pair of valentine halves,  
C  
My whole class taunts and laughs.

### *Chorus:*

C        F        C  
Half-heartedly,  
C        F                    C  
I pass out cards at the party.  
C        F                    C  
You made fun of me,  
C        F                    C  
So you get half of my heart.

### *Verse 2*

No matter what I do,  
My red hearts fall in two.  
But teacher said to make valentines fun,  
Give a card to everyone.

*Chorus: You didn't help me*

### *Bridge*

C  
With jars of glitter and piles of litter,  
C        F                    C  
We made a valentine.  
C                            F        G  
I made a fold where I was told,  
C  
And I tried to cut out mine.

### *Verse 3*

Now I'm looking for a friend,  
To whom a whole heart I can send.  
Do you know how to cut out a valentine heart,  
And not have it fall apart?

### *Chorus:*

Half-heartedly, I pass out cards at the party.  
I hardly care too much what you think of me.  
It's hard to see. Broken hearts come easily.  
Half-heartedly, so you get half of my heart.
