

Great To Be Alive On Your Day Off

It's so great to be a live on my day off today.
With nothing in the world to do.
And nothing could go wrong.
As we walk along.
Without a thing on my mind but you.

Cause it's my day all...day long, day long.
Cause it's my day all day long, day long.

It's so great to be alive on my day off I've.
Got to do every thing I want.
And if something goes amiss, and you need my assistance.
Just work a little harder so you don't.

Cause it's my day all...day long...day long.
Cause it's my day all...day long...day long.

Refrain:

Today's a holiday, after pulling in forty hours.
Today's a holiday. It was made for you and me to be ours.

It's so great to be alive on my day off today.
When the world seems so far away.
And you can do as you please, while you are at your ease.
And listen to the pigeons say,

whistle, day long, day long.
whistle, day long, day long.
Da, da, da, da, da...day long...day long.
Da, da, da, da, da...day long...day long.

Refrain:

Today's a holiday, after working six days, eight to four.
Today's a holiday. It's what makes life worth living for.

It's so great to be alive on your day off today.
With nothing in the world to do.
And nothing could go wrong, as I sing this song.
Without a care in the world but you.

Cause it's my day all...day long...day long.
Cause it's my day all...day long...day long.
Da, da, da, da, da...day long, day long.
Da, da, da, da, da...day long, day long.
day long, day long, day long day long day long.
